

POLICY

Participant's Acceptance of Liability

Jacqueline Rose Observatory Club

All JRO or JROC Participants' Acceptance of Risk: The PARTICIPANT (and any Adult Guarantor/Sponsor for members under 18) acknowledges and understands that participation in some activities and the hobby of astronomy in general includes a **risk of physical and mental harm**. Since astronomy is most usually conducted in a dark environment, often in the presence of heavy equipment, there are natural dangers. Being in the open air, exposed to both the elements and other members and often in a location not well-suited to public gathering, there are unseen dangers. There are other risks not specified herein.

PARTICIPANT and any adult guarantor/sponsor for any under-age participant acknowledge their sole responsibility for their own physical and mental health during all activities, and accept unto themselves all risks and dangers associated with the observatory and the club (hereinafter both called the JRO) and related activities and hereby hold the JRO, all representatives, presenters, hosts, directors, assistants, and any other agent of the JRO, including Dr. Jerry P. and Mary Galloway blameless against any claim(s) of injury to PARTICIPANT that may occur during any related activity.

PARTICIPANT and any adult guarantor/sponsor for minor member agree not to bring any legal action in any form against Dr. Jerry P. or Mary Galloway, any hosts, presenters, directors, assistants, any representatives or any other agent of JRO, for any consequences related to participation or membership in the JRO -related activities.

This is publicly posted for all to see and all participants, in exchange for participation in JRO -related activities, accept this policy in full.

Dr. Jerry P. Galloway
