Crying in C

```
C
I was all right for a while - I could smile for a while
                                                C+
But I saw you last night      You held my hand so tight
        F                  Fm
As you stopped to say hello
        C                  G
Oh you wished me well,-you couldn't tell -That I'd been

C       Em              C       Em
Crying  over you        Crying  over you
 F              G            F                      G
Then you said so long     Left me standing all alone
           C        C+       F       Fm
Alone and crying, crying, crying, crying

               C                     G
It's hard to understand   That the touch of your hand
               C
Can start me crying
```

```
C
I thought that I was over you..But it's true-oo so true
                                  C+
I love you even more - Than I did before
    F                     Fm           C
But darling, what can I do - Now you don't love me
         G
And I'll always be...

C       Em              C       Em
Crying  over you          Crying  over you
F                    G              F                G
Yes... Now you're gone, ... and from this moment on...
         C        C+       F       Fm
I'll be crying, crying, crying, crying
