

Lonesome Town (c)

C **E** **F** **G**

There's a place where lovers go – to cry their troubles

away. - And they call it, - Lonesome Town,

F **G** **C**

Where the broken hearts stay.

C **E** **F** **G**

You can buy a dream or two – to last you all through

C **F** **Fm** **C** **Am**

years. - And the only price you pay -

F **G** **C**

Is a heart full of tears.

F **Em** **F** **G**

Goin' down to Lonesome Town, Where the Broken

C **F** **Em**

hearts stay - Goin' down to Lonesome Town,

D **G**

To cry my troubles away.

C **E** **F** **G**

In the town of broken dreams - The streets are filled

C **F** **Fm** **C** **Am**

with regret. - Maybe down in Lonesome Town, -

F **G** **C**

I can learn to forget.
