

I'm So Lonesome I Could Cry (C)

($\frac{3}{4}$ Time)

C - Em - Am - G

Hear the lonesome Whippoorwill

C - Em - C7

He sounds too blue to fly

F - C - Am

The midnight train is whining low

C - G - C

I'm so lonesome I could cry

C - Em - Am - G

Did you ever see a robin weep

C - Em - C7

When leaves begin to die

F - C - Am

That means he's lost the will to live

C - G - C

I'm so lonesome I could cry

C - Em - Am - G

The silence of a falling star

C - Em - C7

Lights up a purple sky

F - C - Am

And as I wonder where you are

C - G - C

I'm so lonesome I could cry

I'm so lonesome I could cry
