I'm the original American Boy

*Love you baby, - with all my heart*

Ten times better than those movie stars

*What you see, - is what you are*

● I'm no James Dean baby, -- ● But you know I care

● If you ever need me, - *I'll be there, always there*

Don't you know I love you more each day

Don't you know I will always feel this way

You can count on me I'm here to stay

(● ALL)

I'll go crazy if I stay inside - *Come on baby, take a ride*

Take you places that we've never been

*Don't be shy, - hop on in*

I ain't no Hollywood baby -- You can't find a friend,

They all say they love you- *But just pretend, mine never ends*
