

# Blues Man

He's just a singer - A natural born guitar ringer  
Kind of a clinger to sad old songs  
He's not a walk behinder - He's a new note finder  
His name's a reminder of a blues man that's already gone

So he started drinking  
and took somethings that messed up his thinking  
He was sure sinking - when she came along  
He was born in the spot light - not too much left inside  
She changed all that in one night  
When she sang him this song

Hey baby I love you - Hey baby I need you  
Hey baby you ain't got to prove to me  
you're some kind of macho man  
You wasted so much of your life  
running through the dark nights  
Let me shine - a little love light down on the blues man

**1X ...**

He got so sick of speeding - all things they said he was needing  
if he was to keep on pleasing - all of his fans  
He got cuffed on dirt roads - He got sued over no shows  
She came & took all that old load -down off of that blues man

**And he sang** .....Hey baby I love you too - Hey baby I need you  
Hey baby I do get tired of this traveling band  
I'm over 40 years old now - Nights would be so cold now  
If you hadn't ... stuck it out with this blues man

I'm over 40 years old now - Nights would be so cold now  
If she hadn't ... hung around with that blues man.
