Bouke - 2017

(**NOT** Jay & The Americans)

2 Rounds

You know baby while you dance with me
I gotta feeling this is - meant to be
And while you dance, dance, dance X 2

Your presence shine you could be part of a dream
Our love is flowing like - river stream
And while you dance, dance, dance X 2

C1 *You whisper in my ear ...*
OH - Come a little bit closer. Come a little bit closer - baby.
'Cause I need you tonight

C2 *Please tell me one more time ... [C1]*

And when I'm looking in your big blue eyes.
This could be heaven feels like- paradise
And while we dance, dance, dance X 2

I want to do this night over again
You make me feel like a happy man
And while we dance, dance, dance X 2

[C1] [C2] < Lead >

*Baby when you whisper in my ear
I wanna kiss your lips when they are near
Baby you're so pretty - You're so fine
I beg the Lord a thousand times
You could be mine, mine, mine*
