

Dream Walkin

Toby Keith '97

Key: m1-E

She left a **yellow** rose and a long neck bottle
On a **table** beside my bed
With a **short** little note that said I had a good time
It was **written** in **lipstick** red
She **didn't** sign her name I wonder
If **that's** a little secret that she keeps
Oh she's walkin' **around** in my sleep

Dream walkin', **pillow** talkin'
She's callin' my name again
Day's breakin' I ain't wakin' up, I'm sleepin' in
I'm on a roll now, I **gotta** know how this **dream** ends

She took my new **sunglasses** and my old jean jacket
And she **never** even **bothered** to ask
You could **say** I haven't seen her since **late** last summer
But **every** night she comes back
Just like smoke through the keyhole
She slips in so **silently**
Oh she's walkin' around in my sleep

{ Oh there's a thin line dreams and memories
I'll be **losin'** my mind 'till **she** comes back to me
