

# Every Little Honky Tonk Bar

George Strait  
Orig Key: **F**

*G-p/u -- double p/u -- then 4 bars....* Pitch on 3rd

Whiskey is the gasoline that lights the fire that burns the bridge  
Ice creates the water that's no longer runnin' under it  
Stool holds the fool that pours the whiskey on his broken heart\_\_

Cigarettes create the smoke that hides the lonesome in his eyes  
The juke - box - plays - Hank, "I'm So Lonesome I Could Cry"  
Dance - floor - holds the folks - trying - to forget who they are\_\_  
That's what happens in every little honky tonk bar

Friday night, - - it's a given  
We'll be **L-I-V-N**, - Livin'  
We'll dance on the bar 'til we're sleeping it off in the car  
Monday morning, - - it's a given  
We'll be **D-R-A-G-N**, - Draggin'  
And That's what happens in every little honky tonk bar

< *Music Setup x 8 bars* >

Neon lights flashin' bright - 'til you're almost hypnotized  
Red dress, short skirt, gets it on 'bout every night  
Comin' - and - goin', - always rollin' with the flow\_\_

Bartender pourin' drinks, Código double shots  
You think you're tall & bulletproof until somebody says you'r not  
You Step - out- side - thinkin' you're gonna show 'em you are\_\_  
That's what happens in every little honky tonk bar
