

Everybody Loves Somebody

Everybody loves somebody sometime
Everybody falls in love somehow
Something in your kiss just told me
- That sometime is now

Everybody finds somebody someplace
There's no telling where love may appear
Something in my heart keeps saying
- My someplace is here

[*]

If I had it in my power
I'd arrange for every girl to have your charms
Then every minute, every hour
Everybody would find what I found in your arms

Everybody loves somebody sometime
And though my dreams were overdue
Your love made it all worth waiting
- For someone like you

[Repeat]
