

Foolish Heart

The Mavericks
1995 m2

SHORT setup

Foolish heart - You made me weep
Foolish heart - I'm yours to keep
You're the one - That's still with me
* Foolish heart - Don't set me free

There was a time - When you said to me
Don't fall in love - So easily
But then she walked in - And right away
You never had another thing to say

[C] ... < short lead setup >

She went away - And now we're alone
I asked her to stay - But she had to go
She's made up her mind - That I'm just a fool
My love is blind - And it's all because of you
