

# Half Heaven - Half Heartache

Gene Pitney

*3 bars.... p/u in 4th...*

My arms reach out for you

I kiss you tenderly

But when you touch my lips

you're kissing him not me, why must it be...

1.

Half heaven, half heartache, my lovin' you, darlin'  
Can't you forget - that other love you knew,...

Within your angel eyes

a world of dreams are there

Yet I'll keep wondering

if they are mine to share, oh it's just not fair..

2.

Half heaven, half heartache, my lovin' you, darlin'  
Oh let my love be strong enough -- to...

take away - the heartache

And make my life -

a heaven on earth with you-ou-oo-ou
