

I Don't Care If You Love Me

The Mavericks

Intro: Drum then Guitar

1 Well, I work all night and day to try to please you
To buy the things I never could afford
And now the well's run dry for me - so I must leave you
But I don't care - if you love me - anymore.

2 Well, you go out on the town with eyes of cheating
To see a world you've never - seen before
But my heart was always there - to take the beating
I don't care - if you love me - anymore.

3 And you never show the slightest bit of heartache
When I told you I was leaving you for good
Well, you tried to justify what you did always
Some things are better left - than understoo -oo -ood.

4 Now the world keeps turning when - we're not together
My troubles have all been - washed ashore
But I'll sail the seven seas and ~~then I'll~~ end up knowing
I don't care - if you love me - anymore.
