

# I Love This Bar

Key: D

We got winners, we got losers,- Chain smokers and boozers  
And we got yuppies, we got bikers - we got, thirsty hitchhikers  
And the girls next door dress up like movie stars,  
*mmmm* I love this bar.

We got cowboys, we got truckers,-

**Broken** hearted fools & suckers

And we got husslers, we got fighters - Early birds & all nighters  
And the veterans talk about their battle stars, *mmm* I love this bar.

I love this bar – – It's my kind of place

Just walkin through the front door-

*Just touring 'round the dance floor...*

puts a big smile on my face.

It ain't too far, come as you are, *mmm* I love this bar.

**End: Tag**

I've seen short skirts, we've got high-techs –

● \_\_ Blue Collar Boys & Rednecks

And we got lovers, lots of lookers –

I've seen Dancin' girls - & ~~hookers~~

And we like to drink our beer from a mason jar.

*mmmm* I love this bar
