Intro: 2 short rounds....

It's good to see - your face again, - it's been awhile
How am I doing, - Well I get by - somehow
You sure look good
- since your new love - came in your life
You know I didn't see - that fire in you - he's found
... .. Oh but I - see it now

[Oh I - **never** saw - that look in your eyes
And I - **never** had - you hold me that tight
And I **never** saw
- you **dance** with your feet off the ground
... .. Oh but I see it Now

Holding him, - you **never** looked - more beautiful
Letting go - has been so hard on me
And **sitting** here,
- it's **clear** to see - what he **means** to you
The way you look at him, - it ain't no mystery
... .. He's all I couldn't be
