

I Got a Feeling

Well I`ve got a feeling - That I`m gonna get you
Say I`ve got a little feeling - That it won`t be long
Till I hold you in my arms and, baby,
that`s where you belong

Well I`ve got a feeling - That you think about me
Well I`ve got a little feeling - and I hope it`s true
`Cause nobody else could want you so
and love you like I do

Well I got a feeling- That our love was meant to be
And there`s a whole wild world of happiness
Just waitin` for you and me

So why don`t you tell me - That you love me only
`Cause I got a feeling - that you really do
And I never had this feeling
Till I fell in love with you
