Oh girl - any moment  
I may - kiss your lips  
oh it's - been awhile  
since I - felt like this

oh girl please - don't refuse me  
oh I'm so - scared you will

[ oh what a thrill - oh what a thrill  
stars in the sky - *stars stand still*  
oh what a thrill

*setup – 2 parts*

woman - words fail to me  
your skin is - sweet and warm  
I want - to console you  
and hold you - in my arms

oh once you - you were my baby  
oh you're my - my baby still

[ **C** ] Oh what a thrill .... **X3**
