

Pretend

1 standard turn-around

- Pretend you're still in love with me
- And things are what they used to be
- Just one last time before you go

Pretend that you still love me so

- Pretend I'm still the only one
 - And all our dreams have just begun
 - I know our love's come to an end
- So one more time* let's just pretend

Maybe there's a chance

that you could change your mind

If you just pretend you love me one more time

I don't want to be a memory or a friend

Darlin' you don't have to love me just pretend

< *Violin - Lead* - full turnaround > [C]

I don't want - to be - a memory - or - a friend

Darlin' you don't have to love me just pretend

Darlin' you don't have to love me just pretend
