>>> Only ONE intro phrase...

I'm walking along - **Whislin'** a song
- **Bare foot** & Fancy Free

A big River boat - **Passin** us by

She's heading for New Orleans -- **There she** goes,
dissappearin around the bend

Roll-on Mississippi, you make feel like a child again

A cool river breez,like **pepermnt** leaves
- **the taste of** it takes me back

Chewing on a straw - **taut overalls**

I can't hold an old straw hat -- **to muddy** river,
just like a long lost friend

Roll-on Mississippi, you make feel like a child again

R O M... - Big river rolls –

You're the childhood dreams that I grew up on

R O M... - Carry me home –

Now I can see Ive been away too long

Roll on, ..Miss... Roll on

Now when the world spinin around too fast for me.

- **and I need** a place to dream

so I come to your banks - **I sit** in your shade

Roll-on Mississippi, you make feel like a child again
