

Right Where I Need To Be

(m1)... **A^b**

There's a plane flyin outta here tonight -
Destination New Orleans

- Bos man sys my big promotion's on the line
He says that's right where I need to be

Lately I've been on the road
- more than I've been home
All this leavin' her alone is killin' me
And holdin' her right now has got me
- thinkin' more & more
This is right where I need to be

Where when I hear her - I can see her
- I can smell her sweet perfume
I can feel her skin against me when I sleep

Where I won't miss her- I can kiss her
- anytime that I want to

Yeah that's right where I need to be -- **X 2**

There's a plane flyin' outta here tonight
With an empty first class seat

- Cause I've finally got all my priorities in line
And I'm right where I need to be

[**Chorus**]
