

# Sad Lookin Moon

Orig: G  
JPG: E

I thought that you could fly,  
I thought that you had wings  
I guess that I believed you'd never say goodbye  
    But my world stopped turnin' 'round  
    the stars turned upside down  
It knocked me to the ground, on my knees.

Now there's a sad lookin' moon  
    shinin' down on me  
There's a sad lookin' sky  
    as far as I can see  
I always believed  
    and I thought the stars could see  
But there's a sad lookin' moon  
    shinin' down on me.

*Instrumental ---*

I shared with you my dreams,  
I gave you everything  
I opened up my heart and I gave you my ring  
    Well I spent days and nights  
    just thinkin' about the time  
    When you would be mine, all my life.
