

Some Broken Hearts *(Never Mend)*

Don Williams
p1=Bb

Standard 4 bars intro...

Coffee black, cigarettes
Start this day, like all the rest
First thing every morning that I do
Is start missing you

Some broken hearts never mend
 ● Some memories never end
Some tears will never dry
My love for you will never die

< Lead >

Rendezvous - in the night
A willing woman to hold me tight
But **in** the middle of love's embrace
I see your face
