

Summertime - **When** I'm With You

The
Mavericks

Intro = 4 rounds

Summertime - It may be my favorite time
Better than any other time - If I'm with you

Wintertime - Is not at all my favorite time
But that could change at any time - If I'm w/ you

Autumn has proven lonely

Spring makes you feel brand new

I'd brave them all if only - I get to be w/ you

Any time - Will surely be my favorite time
Just like every other time - When I'm w/ you

Any time - Will surely be my favorite time
