*1 full Turn-around...*

If your whole life somehow - Wasn't much 'til now  
And you've almost lost - Your will to live  
No matter what you've been through  
Long as there's breath in you  
There is always - one more time

And if your dreams go bad  
- Every one that you've had  
That don't mean that some dreams  
- Can't come true  
'Cause it's funny about dreams  
- As strange as it seems  
There is always - one more time

{ Oh turnin' corners - Is only a state of mind  
Keeping your eyes closed - Is worse than being blind

If there's a heart out there  
- Looking for someone to share  
I don't care if it's been turned down time and again  
And if we meet one day - Please don't walk away  
'Cause there is always - one more time
