

Woman Woman

Intro: Snare Emphasis Hit on 1

Woman --- Oh Woman

Have you got cheating on your mind, on your mind

Something's wrong between us
That your laughter cannot hide
And you're afraid to let your eyes meet mine
& lately when I love you, I know you're not satisfied

[C] ...

I've seen the way men look at you
When they think I don't see
& it hurts to have them think that you're that kind
But it's knowing that you're looking back
That's really killing me

[C] ///

A woman wears a certain look
When she is on the move
And a man can always tell what's on her mind
I hate to have to say it But that look's all over you

[C] - [C] ... { fade out } "Woman..."
