

# You Shouldn't Kiss Me Like This

F (m2)  
Toby Keith

*3 passes to start*

I got a funny feeling –  
the moment that your lips touched mine  
Something shot right through me  
And my heart skipped a beat in time

There's a different feel about U tonight  
It's got me thinking lots of crazy things  
I even think I saw a flash of light  
It felt like electricity

You shouldn't kiss me like this - unless you mean it like that  
Cause I'll just close my eyes and I won't know where I'm at

We'll get lost on this dance floor spinning around  
- and around ...round  
They're all watching us now,  
- they think we're falling in love  
They'd never believe we're just friends

When you kiss me like this,  
I think you mean it like that  
If you do, baby kiss me again [ *Kiss me again* ] //

Everybody swears we make the perfect pair  
But dancing is as far as it goes Girl, you've never moved me  
quite the way you move me tonight

>>> [ break ] >>> I just wanted you to know (X2)
